STAC sprint goals

- Alignment with OGC API - Records - Content Model? Extensions?
- Alignment with other standards? GeoDCAT? JSON-LD?
- Collection Search
- JSON-FG vs. STAC projection extension
- Push towards STAC API 1.0.0 release?
- Advance the STAC ecosystem (e.g. PySTAC, QGIS plugin, …)
  Look through the issue trackers, e.g. at:
  - https://stacindex.org/ecosystem
  - https://github.com/stac-utils
  - https://github.com/stactools-packages
- Open for suggestions…
